

NEWS FROM THE SCHOOL OFFICE

MAY 5, 2010

Dear Parents,

Happy Mother's Day this weekend to all the wonderful mothers of our students. We are looking forward to seeing some of you at this Friday's "Pastries with Parents".

Katie Spotz visited us on Monday. Enclosed is a postcard for the children to remember her and her adventure. There also was a nice article in Tuesday's News Herald about her visit here.

A reminder that the last day to turn in festival raffle tickets is Friday.

Testing for the President's Physical Fitness test is going on this week in the gym classes. Thank you to everyone who helped with this program this year. A special thank you to Mrs. Charlene Brandt who always made sure we had enough volunteers.

Fourth quarter interim reports are online today.

The Relay for Life Chinese auction will be on May 12th and 13th. Please see the enclosed flyer. The Spaghetti Dinner last week was very successful. Thank you again for supporting the Relay with the t-shirts sold. I do appreciate all your support of our team and of me.

REGISTRATION: All re-registration fees are due Friday, May 14th. It is very important that we receive these so we can determine enrollment for next year. We are graduating a class of 41 and welcoming a Kindergarten class of 23. At present we know that enrollment is down for next year so some very tough decisions are starting to be made. Because the size of enrollment impacts staffing, lay-offs at the end of the school year are inevitable.

A note from Mr. Hudson:

Dear Friends and Family,

I need your help and the help of others you know. I have applied for a grant from Pepsi Refresh to fund a family science night for our school next year. I want to make the night special by having the different families come to enjoy a hands-on science night for them to explore and investigate different science ideas. You need to go to www.refresheverything.com/familyfunnight where you can vote for my idea and 9 others every day. Please go to the website each day and vote for my idea. Whichever idea gets the most votes by the end of May will win the grant. Please vote everyday and spread the word.
